BEER MENU

Mountain Sun Ales

8 oz. glass	16 oz. pint	48 oz. pitcher
\$2.80	\$4.50	\$12.50

We always have a variety of Mountain Sun Ales on tap, some of which may include our more popularly known beers listed below. Please check our Daily Specials Menu or ask your server for the full list of what's available.

Quinn's Golden Ale—Our lightest ale, a shade of the hair of the dog for which it is named. This lightly hopped beer will have you ordering another. ABV: 5.0%

Blackberry Wheat or Specialty Fruit—(Please ask your server) Crisp, dry and kind of pink. Sixty pounds of flash frozen Oregon blackberries lend a tartness that pleases the palate and quenches thirst in a fine fashion. ABV: 5.0%

Annapurna Amber—This beer derives its name from one of the world's tallest peaks which, loosely translated, means "goddess rich in sustenance." Chock full of malted barley with mild hop overtones, this ale is itself rich in sustenance. ABV: 5.7%

Colorado Kind Ale—This is a true Rocky Mountain Amber Ale. It boasts a unique combination of toasty caramel malt with a classic Cascade hop aroma and flavor. Not too sweet, and not too bitter, "The Kind" makes that long day at work seem like a distant memory. ABV: 6.0%

Illusion Dweller IPA—This India Pale Ale is as classic as the climb for which it is named. A strong English malt character balances an assertive bitterness. A massive dose of East Kent Golding hops imparts a distinct earthy aroma characteristic of the finest British Ales. ABV: 7.0%

Specialty Stout—Our Stout rotates! Please ask your server which stout is pouring at the moment.

Isadore Java Porter—A rich, creamy ale brewed with a generous amount of coffee, the Porter was developed by Mountain Sun brewers weary of drinking stout for breakfast. The result is an ale where coffee aromas mingle perfectly with a roasted barley, hop finish. A unique treat including as thick a head as you will ever get on a latte'. ABV: 5.2%

FYIPA—This American IPA is sure to satisfy even the most die-hard Hopheads. Four kettle additions, and a huge dry-hop addition make this beer citrusy and resinous throughout. Brewed using four American hop varieties. ABV: 7.2%

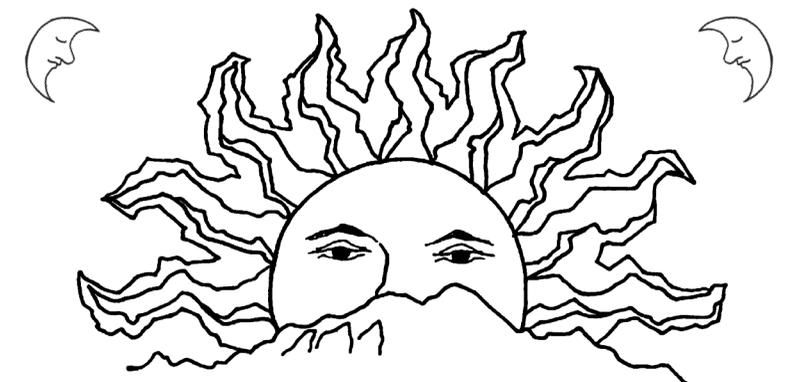

XXX Pale Ale—XXX is a Mountain Sun classic! Not one to conform to style guidelines, XXX Pale is made with a combination of American and European malts, and boasts a prominent hop bitterness. This strong American Pale Ale is balanced by a pleasant malt sweetness and the citrusy aroma of American hops. ABV 7.5%

MOUNTAIN SUN

Pub & Brewery

Welcome to the Mountain Sun Pub and Brewery. We believe our approach to the service industry is unique and worth noticing. Your server today may be cooking your food tomorrow, or even managing. Each employee does every job here. Our "team system" also means that we take initiative to bus each other's tables, run food, do dishes, help you to a beer at the bar, or put you on the wait list. As a result of this team approach, when you leave a tip, your generosity is shared among various members of the team. So feel free to ask any of us how the food is prepared, your estimated wait time, or where to find Yahtzee.
